About Conference:

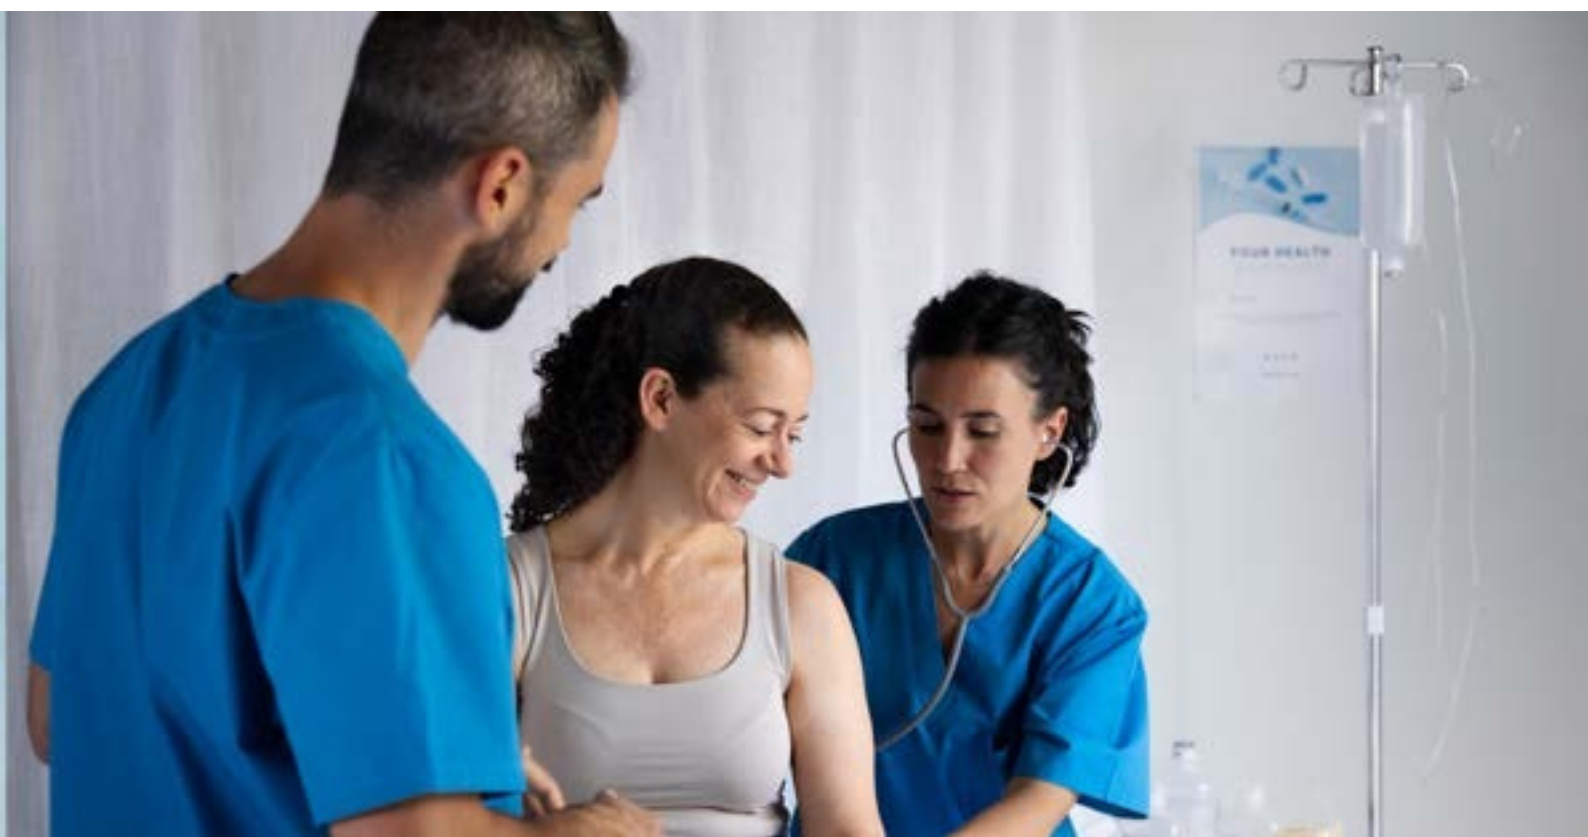

We are delighted to announce the 3rd International Conference on Nursing Education & Pediatrics, scheduled to take place on July 27–28, 2026. This prestigious international event will be held under the inspiring theme “Catalyzing Change: Inspiring the Next Frontier in Nursing Education and Pediatric Healthcare”.

The conference aims to bring together leading nursing professionals, researchers, educators, healthcare practitioners, academicians, and students from across the globe to exchange knowledge, share innovative research, and discuss the latest advancements in nursing education and research. The scientific program is carefully designed to highlight cutting-edge developments, evidence-based practices, and emerging trends that are shaping the future of healthcare.

This global platform offers an excellent opportunity to network with international experts, explore new research methodologies, and gain valuable insights into modern nursing practices. The conference will feature keynote lectures, plenary sessions, oral presentations, poster sessions, panel discussions, and workshops, fostering meaningful interactions and collaborative learning.

The 3rd International Conference on Nursing Education & Pediatrics will serve as a dynamic forum for knowledge exchange, skill development, and professional growth, empowering participants to transform research into practice and contribute effectively toward building a healthier tomorrow for communities worldwide.
